

Dorothy Goodman needs your help to plant 420 tree saplings!

help; staff, parents, family, friends and the local community.

Dorothy Goodman school has been donated 420 saplings by the Woodland Trust to create our own Forest Schools area at the Secondary site. We are holding a planting event in February and need help and volunteers to plant. Everyone is welcome to come along, bring your wellies and a spade.

If there are any changes or cancellation we will update the webpage <u>https://openthinkingpartnership.co.uk/dorothy-goodman-school/</u> and the DGS

Facebook page.
