

VWEX FOR SEND

Impact and Rewards

17th September 2021, 12:00pm - 1:00pm

Online

Struggling to visualise how your physical work experience can take place virtually?

This webinar is designed to give you real examples of delivering virtual work experience for SEND students.

Understand how offering a virtual work experience placement to this marginalised cohort of young people can positively impact on your business, your staff and your school.

SOME RECENT VWEX FEEDBACK

I have never done a project before like this, I have so enjoyed working with my friends as a team and now understand we all have something to give to the team.

The experience was so meaningful, it helped the young people work in teams, gave them responsibility and got so much from the employer feedback.
