HEADTEACHER INTRODUCTION

Hello,

We have reached the end of our second year!

It has been a great year at The Fusion Academy and we have so much to celebrate.

Due to increasing Covid cases in school we had to make the difficult decision to cancel our celebration assembly this week. However, the classes have adapted their presentations so that they can be shared with you electronically and you will receive a copy by email along with this newsletter.

Fusion Fest was a huge success yesterday and we raised £415.47 for the school!

Thank you to everyone for your ongoing support of our school. Have a lovely summer break and we will see you in the new year.

Sarah

PHOENIX

Wow! What a year it has been! We've really enjoyed looking back at photos from the whole year this week and celebrating how far we have come, the progress we've made and amazed at how much fun and learning we've managed to cram in!!

This week, we went on a trip to a trampoline park as a reward for everyone's hard work over the year. We had a great time.

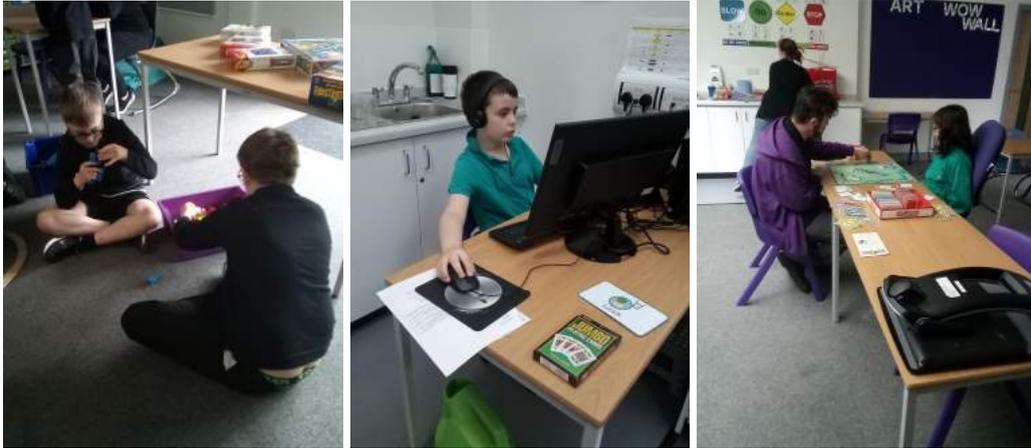

We hope you all have a lovely summer holiday and wish everyone good luck in their classes next year.

DRAGONFLY & GEMINI

So here we are at the end of a fantastic year. All the students have been amazing and done themselves and us proud!

We have rounded off the year with a really fun week. On Tuesday, we enjoyed our Whole School games afternoon, having earned 100 tokens (quite a few of which were earned by Dragonfly and Gemini students!)

Yesterday we rounded off the year with Fusion Fest and all the students enjoyed helping to run the Hook a Duck stall and the drinks stall. It was a brilliant day and just the right sendoff into the long awaited summer holidays!

Happy holidays, everyone! We look forward to seeing you all again in the new term!

POLAR

We had such a great week and enjoyed spending our final week in Polar before the Summer holiday. Xander was excited that he had won his Bingo and chose to make nachos with salsa and guacamole for toppings, as his prize. With perserverance, Tommy completed the British Isle puzzle. Ruby and Emilia had fun playing social thinking board games. Polar surprised Fadhiya with a pre-celebratory birthday in class. Ruby, Xander and Daniel were pleased with their SATs results. Lastly, we are super proud of how hard we have worked together to set up the stall for Fusion Fest. *Have an amazing summer holiday!*

EUROPA

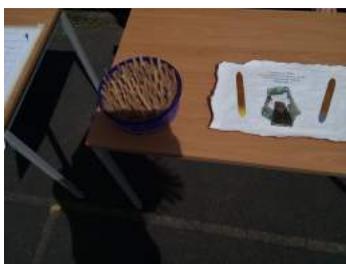

I can't believe we have reached the end of the year already! It seems like it was only last week that I first walked through the doors of Fusion to meet my new class, and what a class they have been! I can't begin to say how proud I am of all of the students for their hard work and perseverance this year.

This week, we have had so much fun with our afternoon of games, with the Nintendo Wii being a big hit, and Minecraft being a favourite.

Our Fusion Fest stand was a great success! The students all worked so hard to pull together pirate themed activities. We had really good fun making all the props and activities. Caleb was especially pleased to have sold his first comics too!

I know the students are looking forward to their new classes, even if they are feeling a little anxious about them. I am absolutely certain they will all continue to grow and go from strength to strength in their new classes.

Thank you, Europa, it has been an absolute pleasure to have you in our class.

THEO

Congratulations and a big “well done” to all of our lovely Odyssey students who have worked so hard this year! Looking back through all the photos for our celebration made us realise just how far we have come and just how much we have achieved. Fusion Fest yesterday was a great end to the year as they all got to show off all their independent skills and confidence. Everyone got stuck in to help make the event such a success. With our games and stalls, Odyssey class raised £86 which was amazing! We’re ending the year with some games and fun today and then we shall say a sad goodbye and bid everyone a fond farewell. The Odyssey team would like to wish all the students and families a fantastic summer and good luck to everyone in your new classes. You’re going to be amazing!!

Odyssey class...over and out!!

WELL DONE ODYSSEY...WE'RE SO PROUD OF YOU!

"THOSE KIDS REALLY HAVE GOT AN 'I CAN DO IT' ATTITUDE!"
(CALLUM'S DAD 2022)

VOYAGER & APOLLO

What a wonderful last week we have had! We started the week by completing end of topic assessments in reading, maths and Science so that they were all done and then we could focus on last minute preparation for Fusion Fest and then to 'relax' a little more ready to wind down for the summer break!

This week, we have properly joined together and welcomed Luca (LSA), Sol and Owen into the Voyager classroom (Katie set work for home learning for the other Apollo students).

On Monday morning, Henry was a fantastic council representative for both classes and showed around all of the LSA candidates ready for the interviews and on Tuesday morning, the students were very adaptable to having new faces in the classroom when we had STA candidates in - one of them even taught the class on Wednesday morning prior to setting up Fusion Fest stalls. In the afternoon on Monday, we spent time in the Forest area building and the boys loved it so much that they wanted to spend a double lesson down there! Henry did some fantastic drawing whilst down there in different styles that he's learnt along the year.

Wednesday was the Fusion Fest and what a lovely, positive day! Even the weather was positive for us! Owen and Luke held a fantastic stall of target shooting with archery; Henry did his updated Splat the Rat and Jacob held Bucket Ball which was our students' most successful stall for our class. Sol and Ade also had a great time looking at what was available to try and

Ade bought some lovely cakes to take home for him and his sister and a Spongebob bath bomb from Katie's stall.

Thursday (today) we are going to do one last activity where the boys are going to plan their 'ideal destination' and we are going to do a big end of year quiz and for lunch, we are treating them all so that we can all eat together 😊
