

Vocational 6th Form Newsletter

2023/24

16-19

A bridge between school and college or work placements and apprenticeships, giving young people opportunities to learn how to do things for themselves in real life situations.

The sixth form base is closely aligned with our young people's desire for more independence and a more 'grown up' feel to their school day. This provision is a bridge between school and college or work placements and apprenticeships. It will give young people opportunities to learn how to do things for themselves in real life situations.

For some the work will closely link to our work experience programmes and internships for others it will be more based on learning how to live more independently or enabling them to have a greater number of choices as they move on in the future.

The facilities at Middlefield Lane include two kitchen areas, the work skills DIY practical workshop, offices and usual classrooms as well as outside growing areas and areas for leisure.

Groups of young people have been working on their healthy lifestyles by using the gym facilities. Others worked on their coordination skills with team games.

This week at V6F:

In the approach to Christmas, there have been lots of art and crafts, Christmas cooking and card making. Everyone has been having a lovely time!

KEY STAGE NOTICES -

Be prepared for going out into the community, especially bearing in mind the cold and rain.

Some young people have been working on their socialising skills while visiting the community to go for lunch at the cafe.

The whole of V6F visited the bowling alley to enjoy an end of term trip. It was a fantastic celebration of all their hard work over the past few months. It was also a good chance to practice all the skills we have worked on: visiting the community, communicating with others, socialising, taking turns and playing with others. Well done everyone!
