

Vocational 6th Form Newsletter

2023/24

Week 8

16-19

A bridge between school and college or work placements and apprenticeships, giving young people opportunities to learn how to do things for themselves in real life situations.

The sixth form base is closely aligned with our young people's desire for more independence and a more 'grown up' feel to their school day. This provision is a bridge between school and college or work placements and apprenticeships. It will give young people opportunities to learn how to do things for themselves in real life situations.

For some the work will closely link to our work experience programmes and internships for others it will be more based on learning how to live more independently or enabling them to have a greater number of choices as they move on in the future.

The facilities at Middlefield Lane include two kitchen areas, the work skills DIY practical workshop, offices and usual classrooms as well as outside growing areas and areas for leisure.

Lola went to Forest School and worked safely using tools to plant new trees at the secondary school. She used careful coordination and listening skills.

Lewis went for a walk to see the Christmas Lights and went with friends to Costa. He made choices and exchanged money with staff.
